

ARBONNE.

# Clear Future®

A complete system to help keep skin balanced with reduced acne blemishes.

## The Arbonne Advantage

An acne-fighting skincare regimen, powered by salicylic acid and efficacious botanicals combined with prebiotics, delivers skin that looks more even-toned and healthy without over-drying.

### The Strength Is in the Numbers

#### Clinical Results

% of participants showing an improved appearance after **3 days\***

% of participants showing an improved appearance after **1 week\***

% of participants showing an improved appearance after **4 weeks\***

\*Results are compared to baseline; based on a study of 30 participants using the Clear Future daily regimen of Deep Pore Blemish Cleanser, Exfoliating Blemish Pads, and Mattifying Blemish Lotion.

## Core Ingredients for Unblemished, Healthy-Looking Skin

- **Salicylic Acid** — Potent exfoliant known for its antibacterial properties
- **Prebiotics or Alpha-Glucan Oligosaccharide** — Derived from bio-fermentation and natural sugars; helps mattify and moisturise skin
- **Exopolysaccharide** — Derived from marine algae, helps mattify skin and control sebum by absorbing it at the skin's surface
- **Naturally Derived Polysaccharide, Rhamnose, Glucose, Glucuronic Acid** — Derived from bio-fermentation and natural sugars that protect the skin's moisture barrier
